*Administrative Bulletin 07-14*

**114.1 CMR 42:00 HOSPITAL FINANCIAL REPORTS**

November 29, 2007

**FY07 DHCFP- 403 Revisions**

This Administrative Bulletin amends the filing requirements of the FY07 DHCFP- 403 Hospital Statement of Costs, Revenues and Statistics in accordance with the provisions of 114.1 CMR 42.07.

This bulletin discusses the amendments to the FY07 DHCFP- 403 financial statement schedules and instructions.

**1. Commonwealth Care**

Revisions have been made to include gross charges, net payments and usage statistics attributed to Commonwealth Care, a new insurance type under health care reform. Providers are expected to report both fully and partially subsidized Commonwealth Care plans. To accommodate this requirement, Schedule VA has been expanded. Column 13 is now designated for the reporting of all fully and partially subsidized Commonwealth Care statistics and revenue information.

**2. Observation Beds**

Currently providers report observation beds as distinct and non distinct observation units. This report will allow a third option for the occasions where observation patients are admitted to inpatient floors as well as the distinct observation unit. To accommodate this change, Schedule IIIB now has a third option to report Observation Bed information. Hospitals with a distinct observation unit that also admit observation patients to the acute care floors will now be able to capture both components.
